Dear Author,

Minor correction on references is required.

Reviewer#1:

- Grammatical errors
- What is it adding to the body of knowledge

- Breakdown of copper mining and set up boundary
- Conclusion should be useful and clear:
  - Improvement
  - Policy instrument the Government of Indonesia to make it happen
- Improving methodology by incorporating boundary and complexity

Reviewer#2:

- The abstract has clearly stated the objectives and the key results. However, lacked of overview in term of methodology
- The objective is stated clearly, however, the novelty of this work need to be emphasized further
- The research gaps need to be highlighted
- Some grammatical errors

Thank you.

Best Regards,

ICLCA Technical Team
